

# THE NETWORKING FOR THE PACKAGING **SUPPLY CHAIN**

# SERVICES RESERVED FOR MEMBERS

## THE ASSISTENCE

to members is divided into technical-legal and regulatory, statistical and sustainability topics. The activity is organized in help desks, dealing with current issues, the Wikipackaging database and technical commissions.

## HELP DESK

The Italian Packaging Institute provides ongoing and constant advising services through dedicated desks. It draws on the knowledge and experience of an esteemed group of experts and consultants, who promptly attend any issues related to the packaging supply chain. The Help desk has done its best to select the most frequently asked questions, ordering the contents as follows:

### ■ **MOCA REGULATION**

**IT/EU** Regulation Issues related to the legislation of materials and objects intended for food contact. IT/EU legislation.

**WORLD** FCMO Regulation Issues related to the legislation of materials and objects intended for food contact.

Relevant legislation: Germany, France, Russia, USA, China, Japan, Mercosur, South Korea, Asia, Arab countries, etc.

### ■ **GMP**

Good Manufacturing Practices for the packaging supply chain.

Insurance and quality control systems and documentation management.

### ■ **FOOD LABELLING**

Issues related to Regulation 1169/2011/EU and subsequent updates and amendments. Issues related to labelling, advertising and presentation of food products. Special Italian or EU rules on labelling.

### ■ **ENVIRONMENT & SUSTAINABILITY**

**IT/EU** Issues related to the “packaging and packaging waste” legislation.

**WORLD** Issues related to the “packaging and packaging waste” legislation.

Relevant legislation: Germany, France, Russia, USA, China, Japan, Mercosur, South Korea, Asia, Arab countries, etc.

### ■ **REACH**

Reach regulation for the packaging supply chain. Issues related to regulation 1907/2006/EC and subsequent updates and amendments for the Packaging Supply Chain.

# SERVICES RESERVED FOR MEMBERS

## ■ COSMETICS

Issues related to regulation 1223/2006/EC and subsequent updates and amendments for cosmetics packaging.

## ■ CERTIFICATION

Certification standards for the packaging supply chain. Certification systems and products.

## ■ TECHNICAL RULES AND PRIVATE STANDARDS

Technical standardization norms for the packaging sector. UNI; CEN and ISO in addition to specific national standards.

## ■ LABORATORY SUPPORT/ANALYTICAL PLANS

Laboratory tests for the packaging industry. Advise on MOCA analytical plans for IT/EU market.

## ■ MARKET AND STATISTICS

The service offers our members some tools to assess and size the packaging market in Italy and abroad.

## ON AN ANNUAL BASIS,

the performance of the packaging sector in Italy is photographed in the statistical report **Packaging in Figures**, which provides the quantities of empty packaging, produced in Italy, imported from third countries and exported to third countries. The numbers refer to quantities expressed in tons and to productions in millions of euros. **The Data Bank monitors the performance of over 100 packaging user sectors**, both in terms of sectors values expressed in quantity, and in terms of their packaging mix expressed in percentage values and tons.

## WIKIPACKAGING

**THE TECHNICAL-LEGISLATIVE DATABASE** is closely connected to current events and it also collects a variety of documentation such as legislative texts, opinions, position papers, rules in technical investigation, material alerts and more. Available at any time, through access to the area reserved for members only.

## COMMISSIONS

**THE COMMISSIONS ARE WORK TABLES,**

organized and coordinated by the Italian Packaging Institute, aim at developing guidelines for technical, regulatory, commercial and good practices. When completed, the Guidelines are published and made available to the people concerned.

The committees consist of delegates from supply chain operators, raw material producers, packaging processors and manufacturers, and packaging and retail users. Alongside, there are service companies involved in assisting and collaborating, such as analysis and research laboratories, consulting firms, certification bodies.

THE COMMISSIONS ARE OPEN TO ALL THE MEMBERS  
OF THE ITALIAN PACKAGING INSTITUTE
